I saw you look my way  
I don't know how anybody plays  
This game that we all play  
That twists us into knots that we don't know  
How to break

I don't know where I belong  
I can't afford to let me inhibitions light my way  
If you want me you know  
Where to find me, where to find me. Here.

I don't know what to say

So I'll just tell you what I'd do to you in the dark  
And you may slap my face  
but at least then I will always know how you are

I don't know where I belong  
I can't afford to let me inhibitions light my way  
If you want me you know  
Where to find me, where to find me. Here.
