I don't know what more to say  
Hey you what's the delay inside  
Cause i just can't envision it

You pretend people can see  
Who you are claim to be inside,  
But you just can't envision it

All my friends say he's a fool  
And promise that you're cool inside  
But you just can't envision it

Maybe one day you'll be brave  
And trust your life and save  
till then you just can't envision it

Can't envision it  
Can't envision it

How do you see this would play  
In your mind are you strayed inside  
If you just can't envision it

Don't you realize the truth  
Instead of lies is mute and cry  
But you just can't envision it

If love is such a game then  
Hate yourself is such a shame  
And you deprive  
Can't you just envision this

Maybe one day you'll be brave  
And trust your life and save  
till then you just can't envision it

Can't envision it
