It's time to turn the tables
To open up your souls
'Cause I can feel we waited far too long

Just like an old time movie
When the good guy understands
The future is right in his own hands

So reach out
Touch the sky
Don't fall down, it's time to fly
Forget about you'r worries, let us try

So let's start the fire, feel desire
To release the energy
We can start the fire, let's get higher
Come on set the spirit free

So let's start the fire, feel desire
We can be what we wanna be
We are doing all we can, 'cause we're Megamen

Believing in your own magic
Will make your dreams come true
Believing in your own magic
Will make your dreams come true...

It's time for us to stand up
It's time to make a man
Let's open up, for a brand new plan

I feel we're taking over
Right here's the place to be
Who should get it right my friends, but we

So reach out
Touch the sky
Don't fall down, it's time to fly
Forget about you'r worries, let us try

So let's start the fire, feel desire

To release the energy
We can start the fire, let's get higher
Come on set the spirit free

So let's start the fire, feel desire
We can be what we wanna be
We are doing all we can, 'cause we're Megamen

Yeah...

Beleiving in your own magic...
Will make your dreams come true...
Beleiving in your own magic...
Will make your dreams come true...

So let's start the fire, feel desire
To release the energy
We can start the fire, let's get higher
Come on, set the spirit free

So let's start the fire, feel desire
We can be what we wanna be
We are doing all we can, 'cause we're Megamen....
