Tell me if you want to say something,
Because I'm sitting here looking for clues.
16 days I've been turning upside down, thinking of you

Don't know if it was your intention,
But I'm lost, I'm feeling confused.
16 days since you left my life I'm still looking for you.
I feel high just being with you,
Now I'm low,
Don't know where to go...

I'm just like you
Don't know what to do,
I'm caught here in the middle of a life,
I can't leave but I want to.
I'm just like you
Don't know what to do,
I'm caught here in the middle of a life,
I can't leave but I want to,
Don't know how to do it though.

Don't want to be caught in the middle,
But I don't want to be left on my own.
16 weeks of emotional static, it makes me feel like I'm
hollow.
I just want to get your attention,
But I know that you're looking away
16 weeks since you left my life I'm still looking for you
I feel high just being with you,
Now I'm low,
Don't know where to go...

I'm just like you
Don't know what to do,
I'm caught here in the middle of a life,
I can't leave but I want to.
I'm just like you
Don't know what to do,
I'm caught here in the middle of a life,
I can't leave but I want to,
Don't know how to do it though,

Don't know how to do it though.

I wonder, wonder, wonder what you're doing, where
you are.

I wonder, wonder, wonder what we could have been...

I wonder, wonder, wonder what you're doing, where
you are.

I wonder, wonder, wonder what we could have been...
