You can keep breathing
I only fall when you are near me, incomplete
I only talk when you can hear me, keep dreaming
Can't wake up until I'm sleeping, lost on me
Close to something I'll never be

Very nearly something to be
Very nearly something to be

If I just stay here
Close my eyes, can you still see me? Obsolete
Very nearly something to see, still see me
I can't wake up for sleeping, incomplete
Very nearly something to be
Still see me, there's a [Incomprehensible] we did,
obsolete
Very nearly something to be

Very nearly something to be

You can keep trying, drown in sleep to be flying
See for miles, something that I wanted to be
I can't wake this dream, prototype ends up has been
Incomplete, the consequence of something to be
