Don't look now, we're branded, we're the black sheep  
Sown ( ? ) apart messiah (desire? ) makes the black  
sheep  
When the water seems too deep the shadows are  
waves, way (wait? ) beneath  
But laughing loud we brave the row (role? ), the black  
sheep

If you see me you'll be crossing the street  
Or kick me and then leave me to bleed  
If looks could kill wouldn't need all the pills but  
I take what it needs to be easy  
With the black sheep now  
We're the black sheep now

Don't look now we're stranded here as black sheep  
Swallowed whole and out of reach, the black sheep  
Unsafe but numb by now  
Were shepherded from higher ground  
But drowned all out(? ) we saved the row (role? ), the  
black sheep

If you see me you'll be crossing the street  
Or kick me and then leave me to bleed  
If looks could kill wouldn't need all the pills but  
I take what it needs to be easy  
With the black sheep now  
We're the black sheep now

If you see me you'll be crossing the street  
Or kick me and then leave me to bleed  
If looks could kill wouldn't need all the pills but  
I take what it needs to be easy

If you see me you'll be crossing the street (if you see  
me you'll be crossing the street)  
Or kick me and then leave me to bleed (or kick me and  
then leave me to bleed)  
If looks could kill wouldn't need all the pills but  
I take what it needs to be easy (I take what it needs to  
be easy)

If you see me you'll be crossing the street (if you see  
me you'll be crossing the street)  
Or kick me and then leave me to bleed (or kick me and  
then leave me to bleed)  
If looks could kill wouldn't need all the pills but  
I take what it needs to be easy  
With the black sheep now  
We're the black sheep now  
We're the black sheep now  
We're the black sheep now  
We're the black sheep now

Loretta young silks

Got answers for everyone, endless excuses  
Not happy for anyone, cos I'm trying to break your  
click-track heart  
Seen a vision of perfect grace, airbrushed and lifeless  
All contempt and aftertaste it's like I'm waiting for the  
scars to heal

You sell loretta young silks, fashioning yourself as gay  
You sell loretta young silks, trading on your super wave  
All style before content, using me as bait  
You sell loretta young silks, swapping your love for  
hate

Soft focus for full appeal, pictured as flawless  
No contest for self esteem, was that be pushed to give  
your love on that  
As far as the eye can see : too much perfection  
Pure substance for wannabes, keeps you beating to a  
click-track heart

You sell loretta young silks, fashioning yourself as gay  
You sell loretta young silks, trading on your super wave  
All style before content, using me as bait  
You sell loretta young silks, swapping your love for  
hate

You sell loretta young silks, fashioning yourself as gay  
You sell loretta young silks, trading on your super wave  
All style before content, using me as bait  
You sell loretta young silks, swapping your love for  
hate

You sell loretta young silks, swapping your love for  
hate  
You sell loretta young silks, swapping your love for  
hate  
You sell loretta young silks, swapping your love for

hate

You sell loretta young silks, swapping your love for  
hate
