I know you know my head's not in this now  
Nothing you could keep so keep me down  
Like the stones beneath the water that you walk on to  
be taller  
And the hands you stuck together  
Cause you prayed you'd wait forever  
Just another fragile angel heart  
Falling down on lead wings torn apart

And the words beneath my skin  
The ink that you put in  
Destroying all the things you've left around  
Cause I'm Earthbound coming down

So what you have the nerve to call a friend  
Is starved of all the sense to make amends  
Cause I'm the glass you break to touch but you never  
want me much  
Like the view across the water from your shoes two feet  
smaller  
I know it doesn't pay to be this hurt  
Falling off the morning getting worse  
And the words beneath my skin  
The ink that you put in  
Destroying all the things you've left around  
Cause I'm Earthbound coming down  
Cause I'm down...
