I don't know what to do myself
Baby, since you've been gone
I don't know what to do myself
I just love you
Baby, please come back

I don't know what to do myself
Baby, since you've been gone
I don't know what to do myself
I just love you
Baby, please come back

O destino desse rio ? o mar
Meu destino, seu amor
A vida s? vai valer
Se por onde eu for
Vier voc?

I don't know what to do myself
Baby, sice you've been gone
I don't know what to do myself
I just love you
Baby, please come back
