You, you got what I need,
Everything you do it drives me wild, yeah I love your
style
Now get back on the floor, I wanna see some more
I love the way you spin your little dress around
Yeah baby, this is your town
Come a little closer when I'm on the mic
Come a little closer when I need you in sight
Shake it up baby like you own the club,
Shake it up baby like you need the love
Now, you got the rhythm down
I pass you the crown, you put it on cause you're number
one
Yeah, cause you're number one

I don't want to say goodbye it's better, to stay
Tip toe body up, trying to escape... away

Hot and the temperatures rising, it's summer time
vibing
You and me, yes please right now it's what I need
Freak when I saw you dancing
My beat your feeling all get down with the DJ
Happy days non stopping
Close your eyes and I promise I'll be watching
Try to guess which part I'm touching
Now it's your imagination rocking
Feel the breeze of my breath your sucking
Please tell me what you need
I'll bring it up to speed, the last thing I want is to get it
wrong
Cause you turn me on

I don't want to say goodbye it's better, to stay
Tip toe body up, trying to escape... away
I don't want to say goodbye it's better, to stay
Tip toe body up, trying to escape... away

Lady don't miind if I belong to you,
What you want to wait for cause you don't want to stay
Well I just can't be late, I got business on a busy day
And I just cant' be late, I got business on Monday

Freak is the feeling I get, when the walls are wet
Pump up the jam with the Sneaky crew, tell you what to
do
Where we're gonna get it all wild
We're gonna get wild records on we're dropping
bombs, have a little fun.
Life, how good is life?
Nothing to hide, everything to we do is so fine
Always a good time.
Life's pretty good babe, yeah look at us play
Nothing too serious lets take it all the way
Holding hands as we leave the club, it's hot outside
Let's make another drink stop.
