Get up, Get up.
Get your body moving.
Get your body grooving.
Dance to the beat.
Dance to the rhythm.
Let yourself be consumed by the energy.

Get up, Get up.
Don't be a coward.
Get on the dance floor.
Dance, Dance.
Feel the power.

Get up, Get up.
Let the electricity into your soul.
Let it always be your goal.
Dance, Dance.
Get moving.
Do it, Do it.
Dance, Dance.
Feel the energy, Feel the power.

The Sun shines with it's almighty power.
It's filled with energy and vibe.
Dance, Dance.
Let it be life.
Get on the dance floor.
And strut your stuff.
Go on and dance forever.
You just can't get enough.

Get up, Get up.
The party is on.
Dance, Dance.
Explode like a bomb.
Dance, Dance with all of your heart.
Let the energy consume you.
Feel the power.

Get up, Get up.
Give life to the party.

Dance with all your power.
Fill it with your energy.
The rhythm will groove your soul.
The beat will become your goal.
Dance to the music.
Don't you ever lose it.
Dance, Dance.
Feel the energy.
Feel the power.

Electricity flows from source to ground.
Dance, Dance.
Just get down.
The power of the music will flow into your soul.
It consumes your mind.
It becomes your goal.
Dance, Dance.
Dance to the music forever.
Feel the power, Feel the energy.

All your friends are lost in the music.
You should do the same.
You don't ever wanna lose it.
Dance, Dance.
Dance to the music.
Get your body moving.
Get into the rhythm.
Feel the energy.

Power is strength to dance all day.
It's what you want to do all the way.
Energy moves your body and soul.
It's the only thing.
It's all there is.
Do what you know to be right.
Get on the dance floor.
And dance with all of your might.
Dance, Dance.
Feel the energy.
Feel the power.

Feel the power.
Feel the power.
Feel the energy.
Feel the energy.
Love it.
Do it.
Dance forever.
Don't ever lose it.
