It was you who provided the rules
I've had enough sitting here alone
Breaking up is so easy to say
I ended up just being your prey
Your smiling face was hiding all the pain
BRIDGE:
Ooh, there's a special thing that I can do for you
Every hour if you want me to
CHORUS:
I can spend a lifetime waiting for you
Hoping that one day you'll give me the clue
I'm specialized, ooh, I'm specialized in you
Ready to stop but no more regrets
Even if you think that I'm not the best
I'm specialized, ooh, I'm specialized in you
I got high with some other girls
Just to forget 'bout you and your world
I didn't care to be left alone
Out of the blue they came and they went
How many hours did I really spend?
I just don't know, where am I to go?
BRIDGE
CHORUS TO FADE
