Let's get started talk and talk
You know there's nothing to say
I realised right from the start that he is just guilty
The verdict's in to forgive his sin
The odds are eleven to one
I feel the tension feel the heat of this god damn sun
The clock is ticking
Can we get to this right away
I'd have this kid dead and buried If I had my way
Well my way my way my way yeah

We'll you are breaking me down
Once again
Now you are breaking me down
Once again
You are breaking me down
Now you are breaking me down
You are breaking me down

Now the crowd has all left me, sitting in a empty room
When you hide, I'll die

Let's finish this
I am sick I wanna get out of here
The evidence that we have could not make it more
clear
These lousy kids get away with it everyday
I look right down at the picture and I've nothing to say
Well I'm taking back the day when you said

We'll you are breaking me down
Once again
Now you are breaking me down
Once again
You are breaking me down
Now you are breaking me down
You are breaking me down

Now the crowd has all left me, sitting in a empty room
When you hide and I'll die
Can't you see that he is guilty

Cos there is nothing left to lose
You hide, I die

Time will find you and bring us backwards
Time will find you

Time will find you and bring us backwards
Time will find you

You (x4)
