I see you looking and I know what you think
You're getting braver with every drink
But I'm telling you something that you ought to know
That girl might look like a sweet young thing
She's staring at you but she ain't hearing a thing
And if you were smart boy you'd turn around and let
her go

That girl's a barbie doll
That girl's a barbie doll
She's really good lookin' but she's got no heart at all

You should have seen her at the bar last night
She had this friend of mine treatin' her right
She was hangin' on him until she found a better deal
You should have seen how cold she got
My buddy asked why
She said well hell why not
Sometimes I think that woman ain't even real

She's a barbie doll
That girl's a barbie doll
She's really good lookin' but she's got no heart at all

Puts on her make-up and she goes to the bar
In her boyfriend's old man's best friend's car
She's got no idea what she's doing or why
She does whatever she wants to I guess
Whatever comes first whatever looks best
Nobody I know has ever seen that woman cry

She's a barbie doll
That girl's a barbie doll
She's really good lookin' but she's got no heart at all
