

And One

"Hardware Conflict"

I bought a woman-izator
But it seems like it doesn't work
Kiss the chip, no reply
I will set it on standby

Unhumanization
It's a game you've never seen
Install her to my love machine
I control her on my screen

Hardware conflict
Please remove the new body
Network restrict
We're disconnecting your mind

Hardware conflict
Not compatible, I'm sorry
System addict
We're disconnecting your mind

She's starting her liberation
Unplug your brain to break the chain
Lost her lips, no retry
I guess it's time to say goodbye

Hardware conflict
Please remove the new body
Network restrict
We're disconnecting your mind

Hardware conflict
Not compatible, I'm sorry
System addict
We're disconnecting your mind

Hardware conflict
Please remove the new body
Network restrict
We're disconnecting your mind

Hardware conflict

Not compatible, I'm sorry
System addict
We're disconnecting your mind

We're disconnecting your mind
We're disconnecting your mind
