

And One "Memory"

Memory, memory - only trouble in a sanity, sanity
Memory, memory - you will always bring me down

Nothing to say, empty way
Tell me now would you remember the day
Memory, memory - wish you had a good play

Here I am
With my hands on the wall of the past
You know you got to ignore
The letters you saved in your head before

Digging a hole to hide the thoughts you found
Only gleaming like dream pearls on the ground
I know It's only for now

Here I am
In the house of illusions
I hear a knock on my door once more
It's better to open than feed the core

Painting the walls again, now you see
It's the rule of your own society
And now It's only for me

Read me - Hold me - Write me
