i want to swallow lies
look into my eyes
let me hynotize you
what i see is what i want
i'm craving for success
let me hynotize you
i will never be your lover
that's beyond a joke
let me hynotize you
when i get you to want me
there will be no return
when i hynotize you
promises and lonleyness
is what you get from me
when i hynotize you
hypnotizing lying eyes
to reach a heart (let me in)
hypnotizing words
tearin' you apart
anything was going wrong
i'm mentally derranged
cause you've hynotized me
you will never be my lover
that's beyond a joke
cause you've hynotized me
