

And One "Time Killer"

Go away leave me alone.
I feel your presence in my mind.
The time seems to stop I set you free.
You calm my mind -- You calm my mind.
Make my dreams come true, baby.
Every time it seems to me.
That fiction and reality melt together for eternity.

Liquid words dropping down the stairs
Filling the emptiness with sense
You and me on the floor floating on our sensibility.

You need a Time Killer, and you don't understand
I am like quicksand; lick it from my hand.
I am your Time Killer; I let your mind expand
I am like quicksand; lick it from my hand.

Tick tock tick tock madness comes tonight.
What's reality compared to me
I rest on the bed; and I'm sure I slowly get mad
I'm in a state of mind which makes me blind.
For the fact that I'm a man
I'm here to stay forever, but not today.

You need a Time Killer, and you don't understand
I am like quicksand; lick it from my hand.
I am your Time Killer; I let your mind expand
I am like quicksand; lick it from my hand.

In my heart is no place for you.
And in my mind is no space for you.
The exit already melted away
And now there's nothing left to say.

You need a Time Killer, and you don't understand
I am like quicksand; lick it from my hand.
I am your Time Killer; I let your mind expand
I am like quicksand; lick it from my hand.

From my hand (lick it from my hand)
From my hand (lick it from my hand)

Time Killer.....
