

And One "When The Feet Hurt"

Visit "[When The Feet Hurt](#)" on MotoLyrics.com

My long day through acid rain,
A-following the hope,
The right day to lose one's way,
It's like yesterday...

My weaknesses can't hold you now,
A-falling to pieces,
The right day to lose one's way,
It's like yesterday...

Tomorrow is coming...

So, don't you know, how it feels when...
Don't you know, how it feels when...

When the feet hurt.

When the feet hurt.

When the feet hurt.

My wrong pray to you,
Lying for freedom,
The right day to lose one's way,
It's like yesterday...

So, don't you know, how it feels when...
Don't you know, how it feels when...

When the feet hurt.

When the feet hurt.

When the feet hurt.
