Now she laying in the sand, talking lingo she don't

Understand getting that tan (she's sexy)  
Chillen with the sandman, if you got a dream I'll flip it  
to

A plan  
Now she's moving so erotic, and her body's so hypnotic  
it

Will drive you insane (she's sexy)  
She's rocking my chain, she the type to make it pass  
my rap

Name

Dat, dat dat dat (dat body) x7  
[Chey.N] Co, co come get this body

[Sniper]  
You can getcha own (own), custom-made (made)  
Each body got it's own custom shape (yeah)  
Some go fast, some go slow  
Others go high, and others go low (low, low)  
She the hottest on road, I know she wanna ride so I'm  
ready

To go (go, go)  
I know how to make her moan, I got that turbo injection  
with

Hot nitro

Now we chillen in my zone, sipping on the patron, she  
getting

Naked in my Range, going outta control  
My regular petrol head, there's nothing she wont do in  
bed  
I call her workshop, cause she wont stop, she wanna  
play with

My glock, til she makes it pop  
Her drop-dead body's worth twenty-five to life for

Dat, dat dat dat (dat body) x8

[Chey.N]

Yeah, you know that you want this body,  
Cute face, little waist, tastes like candy,  
Co, co co come get this body (x2)  
Uh, I know that I run this party,  
Dip it low, to the floor, just for you papi,  
Wa, wa watch me work my body (x2)

[Sniper]

They see chrome rims, more drinks  
They call us hydraulics, alcoholics  
They say we degrading, x-rated  
They hate it just cause we made it

Pop the roses, break some glasses,  
Shake your assets, you the baddest  
Jet-setter, trend-setter, who better  
If you think I'm getting carried away just blame

Dat, dat dat dat (dat body) x7

Dat, dat dat dat

[Chey.N] Take my body
