Hold your breath just for a while
And listen to what i have to say
But i guess it makes no sense
To try to tell you what i think
Because your statements are so stupid
And they make no sense at all

You say we're just a bunch of assholes
Trying to be involved in your cool scene
So i'm asking you now my friend
Are you really sure that you are mr.know-it-all
Leading member of the clan

You're standing tall but you will fall
Pick up your stuff you better run
Because we're coming after you
And this is what we're going to do

Set your house on fire
Chase you around the block
Until you're on your knees
Take your stupid cellphone
And shove it up your ass
Now try to call your friends

You saw us play a support show
Now you really think we suck
Because we didn't rock
So i'm asking you now my friend
Cause i'm really wondering
Where were you six years ago
When we played our first small show

You were at home still playing tunes
Of tina turner springsteen bruce
So don't teach me your punkrock rules
'cause this is what i'll do to you

What did you do six years ago
We don't know
