In the summertime
My thoughts arrive at sex - Lies and butterflies

Celebrate your aggression with an expression of it
May be the best part of your day
May be the best part of your day - James Spader

James Spader - Darth Vader - Ralph Nader
All advisors of mine

Celebrate your aggression with an expression of it
May be the best part of your day - James
May be the best part of your day - James Spader

James Spader - Darth Vader - Ralph Nader
All advisors of mine
James Spader - Darth Vader - Space Invaders
All advisors of mine
Good to see you - All advisors of mine

Sometimes when I'm feeling violent
I like to think about James Spader
Floating out over a pineapple ocean
Or twisting the nipples off a Robert Downey Jr. clone
That hits close to home
He might be enjoying a hot slice of sweet Jesuit pie
In the half light of Dementia Five
Licking at the treetops with his Technicolor tongue
And always greasing the rungs of the ladder
With his love

James Spader - Darth Vader - Ralph Nader
All advisors of mine
Al Waxman - Bill Paxton - Toni Braxton
All advisors of mine
James Spader
