It's been a year since you last called,
Hey but that's nobody's fault
Maybe that's just where we are,
Maybe that's just where we're at
Where I wake up every morning
In the arms of another
Knowing I'll never love her

'Cause she'll never be you
No she'll never be you
Said she'll never be you
That's why the love it just won't be true
'Cause that's not where I belong
Said that's not where I belong
My heart knows where I belong
With you is where I belong, so

Every night before I sleep,
I get down on bending knees
And I pray and I pray and I pray, I pray
That I'll never wake from dreams where you were mine
Sleep 'scapes take me back into time

She'll never be you,
No she'll never be you
Said she'll never be you
That's why the love it just won't be true
'Cause that's not where I belong
Said that's not where I belong
My heart knows where I belong
With you is where I belong
(You) belong
(I) belong
(Together) belong
(You) belong
(I) belong
(Together) We belong, we belong
You belong with me, I belong with you,
We belong, we belong, we belong, together
