

Snog "Business As Usual"

Visit "[Business As Usual](#)" on MotoLyrics.com

I took a walk around
Sleepy Melbourne town
Someone call the cops
Another junkie just dropped now

Smack as cheap as chips
But there's silence on their lips
All the police get laid
All the journals get paid now

It's business as usual
Business as usual
It's business as usual

Business as usual
Business as usual
Business
Business as usual
Business

Business as usual
Business

Business as usual
Business as usual
