I see no signs of life I see no easy cure No cause for rejoice No free or easy voice

Is there no one that can save us from today? Is there no one that can save us from today?

Music keeps you under control Fashion dictates your role Religion keeps you down below This, this I know

Music keeps you under control Music

Is there no one that can save us from today? Is there no one that can save us from today? Is there no one that can make this go away? Is there no one that can save us from today?

Is there no one?
