Maybe you're happy when you're asleep
maybe this misery was just to me
but I'd like to share my pain with you, yeah I'd like to
share this pain with you.

I wanna' one way ticket back to the womb
I wanna' rejoin my ancestors, please make it soon
I wanna' one way ticket back to the womb
I wanna' rejoin my ancestors, please make it soon
Maybe your hope is paralyzed
Mape your joy anethitised

but for me all this pain of existance is clear,
yes for me we are ment to get out of here.

I wanna' one way ticket back to the womb
I wanna' rejoin my ancestors, please make it soon
I wanna' one way ticket back to the womb
I wanna' rejoin my ancestors, please make it soon
I wanna' one way ticket back to the womb
I wanna' rejoin my ancestors, please make it soon
I wanna' one way ticket back to the womb
I wanna' rejoin my ancestors, please make it soon
