I'd like to sing a song of hope and revelation  
Of the joy and the mirth of our situation

But the seas have all blown dry  
And the stars are stolen from the sky  
The seas have all blown dry  
The stars are fallen from the sky

We've pulled  
The last diamond from the mine  
Yeah, we've pulled  
The last diamond from the mine

Dig deeper into the mountain  
We're going deeper into the mountain  
Dig deeper into the mountain  
We're going deeper into the mountain  
Dig

We march and we sing  
And we don't smell a thing  
But the fish, it stinks from the head  
Are we the walking dead?

'Cause we've pulled  
The last diamond from the mine  
Yeah, we've pulled  
The last diamond from the mine

Dig deeper into the mountain  
We're going deeper into the mountain  
Dig deeper into the mountain  
We're going deeper into the mountain  
Dig

And we've pulled  
The last diamond from the mine  
And we've pulled  
The last diamond from the mine  
And we've pulled  
The last diamond from the mine

And we've pulled the last diamond  
Dig deeper into the mountain  
Dig into the mountain  
Dig into the

We care and it shows
