(Whisper) keep keep keeping keeping the faith
(Louder) keep keep keeping keeping the faith
(Louder) keep keep keeping keeping the faith

(Verse one)

I found a savior, he found me
His name is jesus, gonna set me free
I found a healer in my heart
Forgive and forget, I've got a brand new start

(Chorus)

His name is jesus, he is my leader
His power saved me, from all the harms
His love is my love, he aims to please me
I'm holding jesus in my heart

(Verse two)

I found a lover, and a friend
I found salvation until the end
