We took refuge from the wrath
Of pouring, blinding rain
Wolfish wind rose to demonic croak
Lightning strikes, monster evokes

They call him giant, they call him snake
Thunder devil and a bat
Once organic plague deformed
A passer in the storm

New threatening fear
Was looming over us

Far-reaching tentacles
Choking from the edge of space
Corroded and dismembered head
Left without a face

Scourge and plague with external void
Demon scratching on the door
Charon shadow then appeared
Pandemonium is here

New threatening fear
Came for us

Far-reaching tentacles
Choking from the edge of space
Corroded and dismembered head
Left without a face

A passer in the storm
A passer in the...

We took refuge from the wrath
Of pouring, blinding rain
Wolfish wind rose to demonic croak
Lightning strikes, monster evokes
