I am the bringer of life to all gods  
The one, acting as all wished  
I am father of all gods  
With all matter that I've claimed

Collecting magic from this place  
Everyone's possession claimed  
Quickly, with speed, fast as light  
Creating magic in this case

God-hailing magic  
Coming from silence  
God-warming magic  
Coming from our Mothers essence

I now possess it from this place  
From all who have it in them  
Quickly with speed, fast as light  
Creating magic in this case

Before Gods were created  
Later they came  
Before Gods were created  
For Heka I am

Heka I am
