"The Horror In The Eyes"

With trembling fear, dirty and spastic
I'm digging alone in the night
Derisive Moon shines on rotten, disgusting
Sick, distorted sight

Can you imagine the worst
Of human madness, mind disease
Can you see
The horror in the eyes

Very deformed simian mutations
Self-eating devil dwarfs
Diabolical creatures, perverted creations
With tentacles reaching from underground holes

Formless phantasms
Mucus and mud
Cannibal monsters
Covered in blood
I cannot leave my past behind
Demons bursting out of my mind

With trembling fear, dirty and spastic
I'm digging alone in the night
Derisive Moon shines on rotten, disgusting
Sick, distorted sight
