Well now it seems like more than silence has been  
broken  
And I think Ive figured out the dying lie  
Yes the truth is that your dialect is half truth  
Another conversation died alone  
This is something weve created  
Yes well the sufferments abated  
It doesnt't have to be a prophecy  
We could be both seeking destiny  
Its fuckin down to us and them  
You can decide which one wins  
Nows the time, are you the hunter or the fuckin hunted?

Chorus:

ABSENT! sometimes it feels like it's us against them  
ABSENT! sometimes it feels like theree angers are  
justified  
If it feels like I'm absent from your conversation  
Just keep on talkin, and you'll sure find out.....(your  
probably right)

Now it seems that there are no easy answers  
To the same old question I've imposed  
What does it mean? Why would you bother askin me?  
Like it's something I should know  
Just 'cause they paid me to take it  
I guess their money gave me credence  
Watch our records soar  
As you slow down to buy the accident SO SICK!

Chorus

Know that I'll pull your covers, bitch  
Yes I'm fixin to knock that ego down  
Well I might slap your punk ass to the floor  
Stupid mother fucker nothin but a buster  
Still talkin shit  
Devoid of soul, so you dig yourself a hole  
Take the fun out, I load the gun for you  
Incorrect cause and effect youve been sold  
Live in the wrong, so ya live in the lies

Take the fun, load the gun  
Incorrect, cause and effect  
IM ABSENT

Chorus

I don't CARE  
Yes your probably right

I don't CARE!
