one two three into to the four, snoop doggy dogg and
david t. is at the door
ready to get my mack on, so back on up
coz you know I'm about to puff a blunt.
gimme the telephone first and i will call her on the
double
san fernandez valley, now you know you in trouble,

it aint nothin but a g thang baby,
two loked out niggers going crazy,
ugly ass hoes never phase me, unbeleiveable, so allow
me to amaze thee.

its like this and like that and like this and huh,
its like that and like this and like that and huh...
dogg creepon up to your high school like a chester.
