I know with my heart and soul  
You are the one to fulfil all my needs  
And when I'm with you  
Don't wanna leave you  
And in the night time you're all that I dream

Because I love love  
I want want  
I need need  
It's gotta be love cause I just can't get enough 'nough  
I love love  
I want want  
I need need  
It's gotta be love cause I just can't get enough

She's got the look  
Everybody wants to know  
But it's me she wants to show  
Heart break no more  
As I found that special girl  
That she brightened up my world  
She's mine all mine  
She belongs to only me  
In my arms she's got to be  
You know the score  
And when you're not here with me  
It makes me want you much more

That's why I want you  
I need you  
Gotta gotta gotta have you  
And that special love  
And girl I want you  
I need you  
I wanted you girl  
It's the pleasing of your love love  
I want want  
I need need  
It's gotta be love cause I just can't get enough 'nough

I love love  
I want want  
I need need  
It's gotta be love but I just can't get enough

I really want, want  
I need need  
It's gotta be love cause I just can't get enough 'nough  
I want want  
I need need  
It's gotta be love cause I get lost in your touch

Hey pretty little ??? there you got the look  
??? along with mine you got little  
Humble me Snow and I'm only informer  
Well look in your face and break it with the charm  
But that is not the reason I would never fall in love  
again  
My mother was a lover and leave him in the end  
Playin' on a gorgeous blonde just ?? now  
Sing them him ??? I'm about the same book  
I hardly ever asked you but only in a favour  
???? love it was a while, you sleep before you fail  
Otherwise I'd be just like I was back then  
Here I here I here I go because

I want you  
I need you  
Gotta gotta gotta have you  
And you're special love  
And girl I want you  
I need you  
I wanna feed you  
And girl you know it's love love  
I want want  
I need need  
It's gotta be love cause I just can't get enough 'nough  
I want want  
I need need  
It's gotta be love cause I just can't get enough?'nough  
I want want  
I need need  
It's gotta be love cause I just can't get enough 'nough  
I want want  
I need need  
It's gotta be love cause I get lost in your touch touch  
I want want  
I need need  
It's gotta be love cause I just can't get enough!
