Sexy girlie
Now we're gonna make it
If you wonder
If I could ever have a chance
Sexy girlie
Now we're gonna make it
If you wonder
If I could ever have a chance

Woman change guise
Just like a chameleon
You'd be a dead man walking
Why, if looks could kill you
She ask me one simple question
Me never could answer
You like the freaky?
Move like a snake
Then baby, come on ya
But I keep ballin'

CHORUS
Wait a minute
Someone wait a minute, minute
Need a jimmy hat
For my bullshit... minute minute
Wait a minute
Someone wait a minute, minute
Need a jimmy hat
For my bullshit... minute minute

CHORUS

She had the style of a beauty queen
And a smile of an angel
Make any man wanna clip her wing
And only God He could save you
She got the eyes that glitter of gold
And her body would slave you
Then she grab me by the hand, let's go
I'll take you, man, what's the lay up
And I kept ballin'

CHORUS

Sexy girlie
Now we're gonna make it
If you wonder
If I could ever have a chance
Sexy girlie
Now we're gonna make it
If you wonder
If I could ever have a chance

[mc shan]

It's a shame you got to bag it up
When you're taggin a dame
She be hot like a fire
You be feelin' the flame
You don't wanna mess around
And catch the HIV
Wind up in the wrong mind of a cell, son
C'est la vie
The only thing that she in love with
Is the ice or snow
So keep your eyes on your money
And one of these, for you know
If I were you I would hit it
Just to crown the bitch
But somewhere along the line
Something to gain is bound to switch

I know oh...
I know oh...

CHORUS
