It's murder love?

It was a lonely, breezy, coolin' afternoon  
The day I remember, how did it end so soon  
And when they chat up a that girl  
When they chat a with a group you know me girl  
Oh my God, Oh Lord her baby laid so still

### CHORUS 1

No one ever touch her cause they know that they be  
mine  
All I got is, Oh my God it's murder love  
It's got to be Murder Love.  
No one ever touch her cause they know that they be  
mine  
All I got is, Oh my God it's murder love  
It's got to be Murder Love.

If name come follow, come follow me come  
Follow me, come, come, come quick  
If a boy come to test him have him get one lick  
Don't want no trouble and nobody gets hurt  
If a boy comes to test he's going to wind up in a hearse  
Blah, blah, blah that's what he did say  
But look pon the joker man me say look at him today  
Six foot six me say yes ja ja land  
Because I cut of his back, cut of his head  
And cut of his hand lord

### CHORUS 2

No one ever touch her cause they know that they be  
mine  
All I got is, Oh my God it's murder love  
It's got to be Murder Love.  
Can't get rid of the feeling as she quickly deny it  
Oh my God it's, Oh my God it's murder love  
It's got to be Murder Love.

It was a lonely, breezy, coolin' afternoon  
The day I remember, how did it end so soon  
And when they chat up a that girl

When they chat a with a group you know me girl  
Oh my God, Oh Lord her baby laid so still

CHORUS 2
