Verse 1

Have ou ever had a day yah
When everyting was going just right for yah
The sun was shining ever so bright for yah
An you were crusin down your favorite road
Could it be a gift from JAH
The way your lite Glistens over the still water
Now tell the mon that you know what I'm sayin to yah
Cause that's just the way that it goes. Way that it goes

Pre-Chorus

I'm having a good day now yes
Can't yah see me smiling
So pass it and hit is and stay a while
So we can keep it flowin
That love that we all like
That keeps us goin for sure

Chorus (repeat 2x)

Where's my playas who stay frozen
In their trucks just cruzin
Come on, come on can and
Hear me callin
Y'all stay ballin

Verse 2

I bet you never thought that ya
Could be the one that make you wanna ride with JAH
Experience the feeling that I'm talkin bout
You feel me and know that it's so oh oh oh
Listen beat tah tah
Move your body let the music run through yah
Put yah hands up and say na-na
And that's just the way that it goes

Pre-Chorus

I'm having a good day now yes
Can't yah see me smiling

So pass it and hit is and stay a while
So we can keep it flowin
That love that we all like
That keeps us goin for sure

Chorus (repeat 2x)
Where's my playas who stay frozen
In their trucks just cruzin
Come on, come on can and
Hear me callin
Y'all stay ballin

Outro (repeat 2x)
Don't turn the reggae low
Turn it up a notch sir
Afraid I told yah so
This is what they love say

Chorus (repeat 2x)
Where's my playas who stay frozen
In their trucks just cruzin
Come on, come on can and
Hear me callin
Y'all stay ballin
