

Snot "Stoopid"

Visit "[Stoopid](#)" on MotoLyrics.com

Spray the masses with gunfire
Foreign pigs will live in fear
They never learn
Light the match
Flames burn higher
I need to exterminate the queers
My stomach turns
Would not heed your worthless cries
Strike with fear
Cause I won't wait
Your misery
Stick your fingers in my eyes
Just like somebody blind by hate They cannot see

Prompted from my own self doubt
I need to hate them because they're strange
They never learn
I have plucked my own eyes out
I live a life that's ruled by rage
My stomach turns
Powered by elders lies
Strike with fear
Cause I won't wait
Your misery
Stick your fingers in my eyes
Just like somebody blind by hate
No they cannot see

Spray the masses with gunfire
Foreign pigs will live in fear
They never learn
Light the match
Flames burn higher
I need to exterminate the queers
My stomach turns
Would not heed your worthless cries because
Strike with fear
Cause I won't wait
Your misery
Stick your fingers in my eyes
Just like somebody blind by hate They cannot see

Just like somebody blind by
Just like somebody blind by hate
They cannot see
I see somebody blind by
No, no, no, you cannot

Just like somebody blind by
Just like somebody blind by
Just like somebody blind by hate
They cannot see

Just like somebody blind by hate
You know they
You know they
You know they
You know they cannot see

Just like somebody blind by
Just like somebody blind by
Just like somebody blind by hate
They cannot see

Just like somebody blind by
Just like somebody blind by
Just like somebody blind by hate
Because you blind
No, no because you blind

If you'd open your eyes
Then maybe you could see
A figment of closed minds
You know education is the key
Hate sparks will create fire
I see you're STOOPID blind
I know you cannot see

Prompted from my own self doubt
I need to hate them because they're strange
They never learn
I have plucked my own eyes out
(Say WHAT?!)
I live a life that's ruled by rage
My stomach turns
Powered by elders lies
Strike with fear
Cause I won't wait
Your misery
Stick your fingers in my eyes
Just like somebody blind by hate

No they cannot see
