What up renzo  
What up leon  
What up breack neck  
what up opio

[Verse 1: Salvador]

What up kizzo how ya been?  
This goes out to you my friend  
We been up in the lab assembling  
I was gonna send you things for remembering  
Hate my lifestyle nowadays  
I'm in a zombie mindstate going crazy  
I know I'm lazy ? I know it's hazy?  
?Going loco? like driving around with miss Daisy  
I wanna pass out  
Even thinking about taking my life while I'm takin the  
trash out  
Because I'm depressed like constantly  
It's like coo-coo's nest funk factory  
But I got people looking out for me  
People who are loyal to the cause and would kill and  
die for me  
And I'd do the same for them of course  
It's Darkside Of The Motherfucking Force!

[Verse 2: Opio]

It's been a long time but we grew up  
Now breack neck's in the lab doing new cuts  
He's a father now  
Just like myself and I'm pulling it through somehow,  
somehow  
But It's all good, there's no stress man  
What you hearing is the words of a blessed man  
Shook the load off, got it off my chest man  
But I can't rest 'till the vinyl's pressed man  
I stand firm cause I gotta'  
I knew I had to get a grip and act proper  
Been in and out of jail, I don't wanna go back  
But if you giving me threats I'm gonna drop ya  
But still I gotta watch my step  
Because I lose control when my temper sets

And my family is all I got  
And I'm all they got  
So I give work a shot instead  
Lay the stress to rest and move ahead  
No rehab for the buddah heads  
We in the groove instead  
Continue to shine  
Dedicated to kizzo, the beat and the rhyme what!

[Chorus]

I think it's rolling now  
Blast another missile, blast another missile, blast  
another missile

Combat Rock is in the place to be  
We navigate the mothership to the highest degree  
Mister K-I-Z is still down with the D  
So all you sucker MC's just let it be! (2x)
