I know you've been gone so
But were together
Oh I adore you you you you...

Its the newest thing
Makes you wanna sing
(nananananana no)
Shes the sweetest thing
makes me wanna sing
(nananananana no)

Don't wanna be left away
From your sweet love I need it everyday
I heard you saying
"Ya I heard that before and I don't wanna hear no more
"

I hope you never wanna run away
You swallowed up my pride and I'm gonna say
I love you lady
I can't deny it you are the one for me

It don't matter what you wanna say
It don't matter what your going through
I will always be the one you need
So call on me girl

I don't care about what people say
It don't bother me in any way
Cause I know its true that I love you
And I'll be saying

I know you've been gone so
But were together
Oh I adore you you you you...

Yea, hey you don't say oh no
were forever
Cause I adore you you you you...

I thought I didn't really didn't wanna stay
Sometimes I think I'm smiling

I've been away
But I was crazy
(Now i'm standing alone and I don't even know where
to go?)

I'm sick and tired of playing silly games
I need you by my side its the only way
My sweet lady
I can't deny it you are the one for me

It don't matter what you wanna say
It don't matter what you going through
I will always be the one you need
So call on me girl
I don't care about what people say
It don't bother me in any way
Cause I know its true that I love you
And I'll be saying

I know you've been gone so
But were together
Oh I adore you you you you...

Yea, hey u don't say oh no
Were forever
Cause I adore you you you you...

I adore you
Nothing in this world I wouldn't, couldn't do for you
Step up in my life man I wanna come show you
Never let someone out the run and control you
Oh no

I will show
Situation hasn't got me seein' things for you
When I'm on the road all I wanna do is hold you
Nothing feels so so good
And you no I adore you, Oh I adore you

I know you've been gone so
But were together
Oh I adore you you you you you...

Yea, hey you don't say oh no
Were forever
Cause I adore you you you you you...

Its the newest thing
Makes you wanna sing
(nananananana no)
Shes the sweetest thing

Makes me wanna sing
(nananananana no)

Shes the sweetest thing
Makes me wanna sing
(nananananana no)
Its the newest thing
Wakes you wanna sing
(nananananana no)

I love you better every D.A.Y
I love you better every D.A.Y
