i am anticipating
my trip to africa
oh i have always been waiting
far to long
i 'm not going to soundcheck
there is to much to do
i'm not going to soundcheck
i'm far from you

amazing, africa
am i far from you

5 o'clock in the morning
my feet will touch the ground
5 o'clock in the morning
no no sound

we can take a safari
all around
go see table top mountain
in cape town

amazing africa

am i far from you

better stay
