Cranberries, The - Everything I Said
=====

It makes me lonely

It makes me very lonely

When I see you here, waitin'on

He makes me tired, he makes me very tired

And inside of me, linges on

But you have your heart

dont believe it, and you will find it

Waitin'on

Eveything I said, oh, well I meant it

And inside my head, holdin'on

Cos if I died tonight

Would you hold my hand, no

Would you understand

And if I lived in spite

Would you still be here, no

Would you dissapear

Surely must be you

But I dont make you lonely

Ill get over you

But I dont make you lonely
