It's not worth anything more  
Than this at all  
I live as I choose  
Or I will not live at all  
So return to where you come from  
Return to where you dwell  
Because harassment's not my forte  
But you do it very well

And I'm free to decide  
I'm free to decide (chorus X2)  
And I'm not so suicidal after all

at all, at all , at all

You must have nothing more  
With your time to do  
There's a war in Russia and Sarajevo too  
So to hell with all your thinking  
And to hell with your narrow mind  
You're so distracted from the real thing  
You should leave your life behind, behind

Cos I'm free to decide  
Im Free to decide (chorus X2)  
And I'm not so suicidal after all

at all, at all, at all

at all, at all, at all
