I'm still remembering, The day I gave my life away.
I'm still remembering, The time you said you'd be mine.
Yesterday was cold and bare, Because you were not there.
Yesterday was cold, My story has been told.
I need your affection all the way. The world has changed,
Or I've changed in a way.
I try to remain. I'm trying not to go insane.
I need your affection all the way. (Get away)
I'm still remembering my life, Before I became your wife.
I'm still remembering the pain, And the mind games.
Reverse psychology never tainted me. I didn't sell my soul,
I didn't sell my soul.
I need your affection all the way.
The world has changed, Or I've changed in a way. I try to remain.
I'm trying not to go insane. I need your affection all the way.
They say the cream will always, Rise to the top.
They say that good people, Are always first to drop.
What of Kurt Cobain? Will his presence still remain?
Remember J. F. K., Ever saintly in a way.
Where are you now? Where are you now? Where are you now?
I say,
where are you now?
I need your affection all the way.
