Say it if you want to  
and say it if you will  
but if you don't say what you are thinking  
no I won't take too kindly to it

When all I want its something special  
and you can't give it to me  
and all you do its lie to me  
cause you're a liar, liar, liar

I will run, I will fight, I will take you through the night  
night, night, la a a a  
I will run, I will fight, I will take you trough the night  
night, night, la a a a

Say ti if you want to  
and say it if you choose  
because if you dont say what you are thinking  
no I won't take too kindly to it  
when all I want its something different  
and you couldn't give it to me  
and all you do is lie to me  
so you're a liar, liar, liar

I will run, I will fight, I will take you through the night  
night, night, la a a a  
I will run, I will fight, I will take you through the night  
night, night,  
la a a a  
la a a a

I will find you, I'll find you  
I'll find it in you liar, liar, liar, liar  
nooo you're a liar, liar, lair... liar.
