NEW NEW YORK

New, new, new

New, new, new

New New York skyline
Wounds may heal in time
Don't crumble don't dismay
It's a new New York today

I look across these city streets
My heart is numb, it still beats
Nothing to say
There's nothing to say

I look across this empty room
My heart is still in gloom
There's nothing to say
I only can pray

New, new, new (x2)

New New York Skyline
Wounds may heal in time
Don't crumble don't dismay
It's a new New York today

I look across these city streets
My heart is cold, it beats
The deeds of man
Ground Zero today

New, new, new (x2)

I get on my knees and pray
For the heroes of the day
No more comfort I can find
For the loved ones left behind

They won't tear us apart! (x4)
No way!

New day!, new day!
