Keep on looking through the window again
But I'm not sorry if I do insult you
I'm sad not sorry 'bout the way that things went
And you'll be happy and I'll be forsaken thee
I swore I'd never feel like this again
But you're so selfish, you don't see what you're doing
to me
I keep on looking through the window again
No, I'm not sorry if I do insult you Owow!
No, I'm not sorry if I do insult you

(chorus)
You told me lies
(And I sighed, and i sighed, and i sighed)
'Cos you lied, lied and
(I cried, yes i cried, yes i cried)
(I cry, I cry, I try) again
I realize as
(he sighed, and he sighed, and he sighed)
'Cos you lied, lied and
(I cried, yes I cried, yes I cried)
(I cry, I cry, I try) again

Keep on looking through the window again
But I'm not sorry if I do insult you
I'm sad not sorry 'bout the way that things went
And you'll be happy and I'll be forsaken thee
I swore I'd never feel like this again
But you're so selfish, you don't see you're doing to
me
I keep on looking through the window again
No I'm not sorry if do detest you Owow!
No I'm not sorry if do detest you

(chorus)

keep on looking through the window again
keep on looking through the window again
