we'd better think about the things we say
we'd better think about the games we play
the world went round, around and round

we'd better think about the consequences
we'd better think about the global senses
the time went down, the time went down

what about Chernobyl
what about radiation
we don't know, we don't know
what about deprivation
gluttony, the human nation

we don't know, we don't know
for me love is all, for me love is all
for me love is all, for me love is all
time is ticking out

Looks like we screwed up the ozone layer
I wonder if the politicians care
the time went down, the time went down
what about our children then
is there nothing left for them

we don't know, we don't know
for me love is all, for me love is all
for me love is all, for me love is all
La la la la the oxygen, la la la la the oxygen
for me love is all, for me love is all
for me love is all, for me love is all

time is ticking out yeah
time is ticking out
