"Even When"

Visit "[Even When](#)" on MotoLyrics.com

Even when you mean to
Even when you need to
Even when you seem to
Know what you need to do
Even when you've been through
All you can be through
Even when you see through
To what you need to do

There's no sense here at all
There's no sense here al all

Even though you'd like to
Go back and try to
Mend all the times you
Let fall beside you

There's sense here at all
There's no sense here at all

Even though you want her
Even though you need her
Even though you see her
You just can't be with her
