Prostituted, bled out on the street  
I got so many tryin' just to grab a piece of me  
They try and rape me,  
They try and break my mind  
Break my mind

Been out ridin' on this diamond boulevard  
And you can make that money, but it only goes so far  
We been out ridin' on this diamond boulevard  
And it's tearin' me apart

Preachers screamin', screamin' in my ear  
Everybody's got somethin' to sell when they're down  
here  
Well don't you chastise me,  
Oh no, you ain't so clean  
No, no, no

Been out ridin' on this diamond boulevard  
And you can make that money, but it only goes so far  
We been out ridin' on this diamond boulevard  
It's tearin' me apart

Been out ridin' on this diamond boulevard  
And you can make that money, but it only goes so far  
We been out ridin' on this diamond boulevard  
It's tearin' me apart

We been ridin'  
We been ridin' sugar  
We been ridin'  
Now we been ridin' sugar  
Been out ridin' on this diamond boulevard  
It's tearin' me apart
