Make a spark and keep it safe
remember not to give away
take my heart, don't take my art away
you can't dissolve
what's mine today

I want you all to know I'm not giving it up
these things are mine to shine and I'm not giving it up
I want you all to know, I'm not giving up
I'm not giving up
I won't give in

you and I were meant to be
but you were for the world to see
take my heart
don't take my art away
you can't dissolve
what's mine today

I want you all to know, I'm not giving it up
these things are mine to shine and I'm not giving it up
I want you all to know, I'm not giving up
I'm not giving up
I won't give in

from the very heart of me
and I feel
like I can float
but I am falling, falling

these things are mine to shine and I'm not giving it up
I want you all to know, I'm not giving up
I'm not giving up
I won't give in
